2024**

# IT'S SUMMER AT THE NATIONAL BUILDING MUSEUM

Explore world architecture, materials, and LEGO® brick design through hands-on activities and tours of the museum! For more information: [go.nbm.org/SummerCamp](http://go.nbm.org/SummerCamp)

## SUMMER PROGRAMS

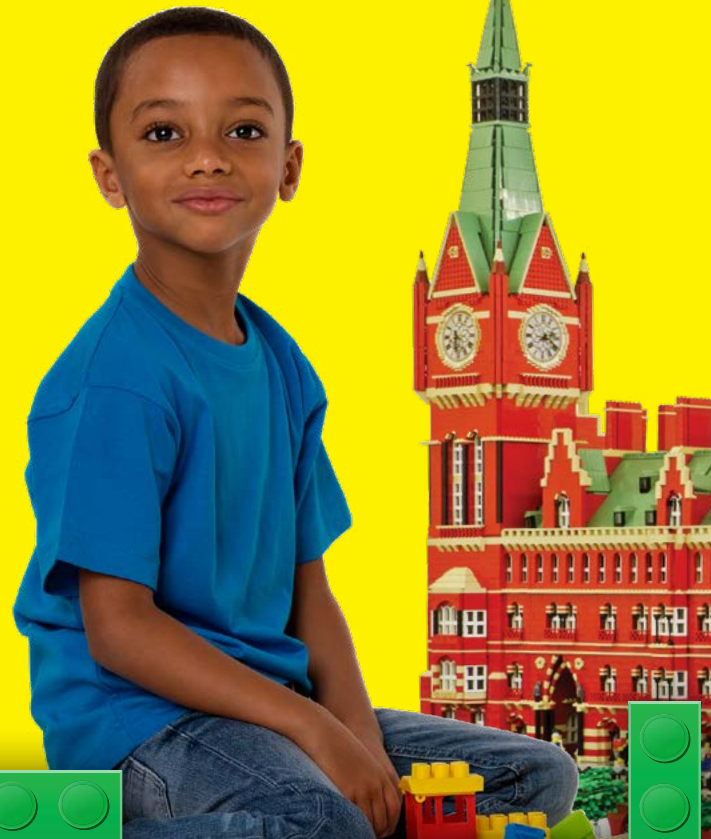

**Grade level: Rising 2<sup>nd</sup> and 3<sup>rd</sup> Graders**  
**Price: \$400 member, \$500 non-member, \$100 aftercare per week.**

**Dates:**

- July 22–26
- July 29–August 2
- August 5–9

Each week-long session is identical

## BRICK CITY

*Brick City: World Architecture Brick by Brick* is a week-long summer camp in which children will explore architecture from around the world and express their creativity through LEGO® bricks! Diving into the *Brick City* exhibition, discover the Colosseum in Rome, domes in Russia, arches in France, and houses in South Africa. Explore famous buildings in countries like Mexico, China, India, and England. Using thousands of LEGO® bricks, learn professional building techniques and participate in design challenges related to building in the countries you “visit.” Recreate well-known buildings with LEGO® bricks and experiment with the LEGO® architecture studio kits. Then design your own building with influences from your favorite country.
